#### PREFACE

E PRESENT the sixth volume of the Anderson, S. C., City Directory, confident that it will prove to be a reliable guide to the general public. The Miscellaneous Department gives data to the stranger and newcomer not pub-

lished in any other publication. The Alphabetical List gives the names of persons over eighteen years of age, with their occupations and home address. The Classified Section has been carefully compiled and makes the best buyers' guide to be obtained. The Telephone Department, a new feature, will we are sure be appreciated by many and prove to be a great source of relief to many business men.

This issue shows the steady growth Anderson is makig, new industries, new business, new homes, have sprung up since our last issue and indicates a most prosperous and progressive community.

Succeeding editions will embrace any further improvement, experience and the wishes of the people may suggest.

We tender our thanks to our advertisers for their liberal support, as well as to those who by their courtesy have extended us the information necessary for a complete and accurate book.

# Numerical Telephone Directory

OF ANDERSON, S. C.

Note.—This is a new Department, which we have added to the Anderson Directory, and which we think wil be found very useful to our patrons. A business man on the return to his office is often told to call such and such a number without having the slighest idea to whom he is speaking. Before calling your number a glance at the following list may oftentimes prove a great source of relief.—Publishers.

# THEDAILYMAIL

By Carrier in the City, \$5.00 a Year or 10c a Week.

While The Paily Mail carries daily telegraphic news of the state and the world at large, it pays especial attention to local and county news— is distinctively a HOME NEWSPAPER. It is in the homes that advertisements are most generally and most carefully read. That is why advertising in The Daily Mail brings results, and that is why shrewd business men buy so much space in this newspaper. They know from actual experience what it means in bringing to the attention of the people what they have to offer.

# The Peoples Advocate

Semi-Weekly Edition of the Daily Mail \$1.00 a Year, Cash in Advance

The Advocate's circulation is practically altogether in the county and surrounding territory. Eight pages, six columns to the page, and is also a fine medium for advertisers who would appeal to the rural population.
